## Curcumin Market Globally Expected to Drive Growth through 2026

# About Us

Transparency Market Research (TMR) is a market intelligence company, providing North America business information reports and services. Our exclusive blend of quantitative forecasting and trends analysis provides forward-looking insight for thousands of decision-makers. We have an experienced team of Analysts, Researchers, and Consultants, who use proprietary data sources and various tools and techniques to gather and analyze information. Our business offerings represent the latest and the most reliable information indispensable for businesses to sustain a competitive edge.

Each TMR Syndicated Research report covers a different sector—such as pharmaceuticals, chemical, energy, food & beverages, semiconductors, med-devices, consumer goods, and technology. These reports provide in-depth analysis and deep segmentation to possible micro levels. With a wider scope and stratified research methodology, our syndicated reports strive to serve clients and satisfy their overall research requirement.

## Latest TMR Report Explores Impact of COVID-19 Outbreak on Curcumin Market

- The rising demand of curcumin in cosmetic, food, and pharmaceutical industries is the main factor driving the growth of the global curcumin market.
- A surge in demand of curcumin is mainly due to the increasing awareness among consumers regarding anti-inflammatory and anti-oxidant properties of curcumin.
- In addition to this, the rising inclination of consumers towards organic products is another strong factor likely to propel the curcumin market during the forecast period.
